| 2. | To send the link of the<br>HPC microsite that was<br>under development to all<br>Committee members for<br>their review from 27<br>October 2005 ( <b>Public</b><br><b>minutes, 7.3</b> )  | CM/VN                      | As soon as<br>possible | The Committee<br>have already<br>seen the<br>microsite,<br>following its<br>launch in<br>November 2005.<br>The Committee<br>have received<br>verbal coverage<br>from the Director<br>of<br>Communications. |
| 3. | The Director of<br>Communications to<br>prepare a brief strategy of<br>what the committee wants<br>to obtain from its work<br>with the Public Patient<br>Involvement Group (PPI)<br>from 27 October 2005<br>( <b>Public minutes, 9.8</b> ) | CM/VN                      | 27 February<br>2006    | The PPI Strategy<br>is on the agenda.  |
| 4. | The Director of<br>Communications to<br>prepare a budget for the<br>PPI work demonstrating<br>the link to the overall  | CM/VN                      | 27 February<br>2006    | The PPI budget<br>and proposal are<br>on the agenda.   |

|    | Communications                  |       |             |                   |
|----|---------------------------------|-------|-------------|-------------------|
|    |                                 |       |             |                   |
|    | departmental budget from        |       |             |                   |
|    | 27 October 2005 ( <b>Public</b> |       |             |                   |
|    | minutes, 9.10)                  |       |             |                   |
| 5. | To revise the service           | CM/VN | 27 February | The Customer      |
|    | standard which advocated        |       | 2006        | Services          |
|    | greeting everyone with a        |       |             | Manager has       |
|    | handshake and looking           |       |             | amended the       |
|    | them firmly in the eye          |       |             | standards to      |
|    | which did not adhere to all     |       |             | incorporate these |
|    | cultural norms as               |       |             | changes. The      |
|    | acceptable behaviour from       |       |             | revised Standards |
|    | 27 October 2005 ( <b>Public</b> |       |             | are on the agenda |
|    | minutes, 11.4)                  |       |             | for the           |
|    |                                 |       |             | Committee's       |
|    |                                 |       |             | review.           |
| 6. | To revise the service           | CM/VN | 27 February | The Customer      |
|    | standards to include a          |       | 2006        | Services          |
|    | prompt at the conclusion        |       |             | Manager has       |
|    | of the call about whether       |       |             | amended the       |
|    | there was any further           |       |             | standards to      |
|    | information callers would       |       |             | incorporate these |
|    | like or how HPC staff           |       |             | changes. The      |
|    | could help further from 27      |       |             | revised Standards |
|    | October 2005 (Public            |       |             | are on the        |
|    | minutes, 11.5)                  |       |             | agenda.           |
| 7. | To review the service           | CM/VN | ongoing     | A review is       |
|    | standards, as if they were      |       |             | currently taking  |
|    | to be integrated into the       |       |             | place regarding   |
|    | performance review of           |       |             | the ways in       |
|    | staff as currently produced     |       |             | which we can      |
|    | they were not easily            |       |             | quantify the      |
|    | quantifiable from 27            |       |             | customer service  |
|    | October 2005 (Public            |       |             | standards.        |
|    | minutes, 11.5)                  |       |             |                   |
|    |                                 |       | •           |                   |
