Action plan in response to Professional Standards Authority Performance Report 2017

### **Introduction**

At the TAC meeting in November 2017, in Item 1.4 it was noted that PSA had recently published its performance review for the HCPC. Some standards were not met. The Council will be considering its action plan in December. This will then come to a subsequent meeting of the [TAC] committee for discussion.

### **Discussion**

The Executive have developed an initial action plan, addressing all of the key areas covered in the PSA Performance Review report. This paper was discussed at Council in December.

A link to the entire Council paper is available on the HCPC website at the following location:

Appendix C (page 26 of the document), sets out the broad activities being undertaken, having been approved in principle by Council.

Since December, FTP operational team have been working with others in the organisation, to further develop this plan. These developments, and progress against them, will be discussed at the Executive and Council in the coming months.

TAC members are invited to review the appendix, and any clarifications on the initial plan will be provided in the meeting.

### **Decision**

This paper is for information and discussion.
